

Betty Ford Center

Serving Patients, Saving Families

The Betty Ford Colorado Children's program is a four day group for kids 7-12 who love someone who has or has had a problem with drinking too much alcohol or using drugs. We teach kids about what addiction is, how people can get it, and how people can get better through interactive and fun activities. We work hard to create a safe place where kids can learn to share about their feelings and problems with others so that they can begin to receive the gifts of recovery—even if the person they love never gets better. They also learn that they are **not alone**, there are people who can support and understand them, and most importantly, that their loved one's problem is **not their fault!**

Our program runs Thursday through Sunday at least once per month. Thursday and Friday is kids only. Saturday and Sunday, the kids come with a parent or any safe caregiver who will participate in communication building activities and games with them.

Here are the upcoming dates for our community program:

- March 26th-29th
- April 9th-12th
- May 7th-10th
- June 4th-7th

Registration is simple!

Give us a call at (303) 745-2275 if you would like to sign up for the program. We will need about 10 minutes to gather some information to determine if our program is a good fit for your family and to give you more information about the program. Because our programs fill up fast, there is a **\$25.00 registration fee** to hold your family's spot. Don't let that keep you from calling us, no child is EVER turned away because of an inability to pay. We are happy to work with you!

If you have any other questions, please call us or send us an email! We look forward to supporting your family on your recovery journey!
